Caroline's President has not reviewed or approved the NR so is asking that these get removed and CBSA can speak to this at the tech briefing tomorrow.

Thanks Leanne!
I think these two points are really important to include:
A foreign national must not enter Canada with the intent to participate in or facilitate a prohibited assembly. Foreign nationals who seek to enter Canada for these purposes can be denied boarding prior to departure, and denied entry at a port of entry. There are limited exemptions to the prohibition on entry, for specified classes of foreign nationals.
The Emergencies Act also enables the further securing of certain designated public places, this includes ports of entry, customs offices, and other critical infrastructure and government buildings.

Importance: High

Hi Alex,
I received your note indicating that you will have an approved quote for the NR shortly – thank you!
In the meantime, CBSA has flagged the attached key messages for your consideration in the NR. There is a lot here but please let us know if any of the yellow content should be included versus saved for the tech briefing.
Many thanks,
Leanne
